

# Google Tools for ELs

By Kristen McGrath, M.Ed  
Cherry Hill Public Schools

## **Today's Goals:** **All participants will...**

1. Gain a better understanding of Google Tools for Education
2. Develop personal goals to integrate technology into the 21st century classroom
3. Explore a few of the options Google has to benefit ELs

## **Did you know that "google" is a defined term in the dictionary?**

According to Net Market Share, Google encompasses nearly 75% of the world's search engine use.

Imagine how many of those users are sitting in our classrooms today.

## **How can we integrate Google into our classroom, schools, and district?**

1. Google Drive
2. Google Classroom
3. Google Hangout

# Google Drive

## [drive.google.com](https://drive.google.com)

1. My Drive
2. Team Drive
3. Shared
4. Recent

## **Google Classroom** **classroom.google.com**

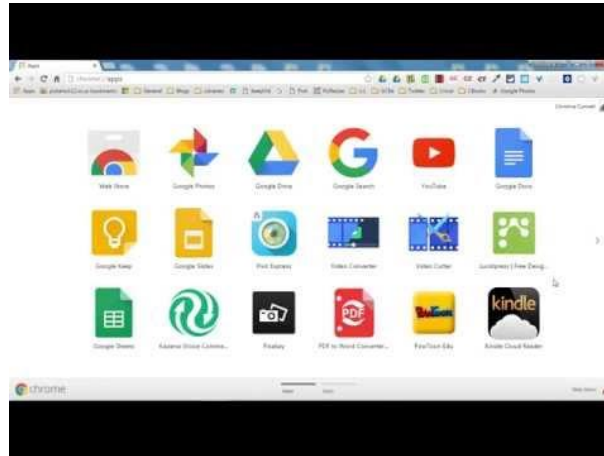

1. Create classes
2. Post assignments, announcements, and questions
3. Integrate specific apps to Google Classroom
4. Grade items directly in Classroom
5. Comment on posts from students

## **Google Hangouts** **[hangouts.google.com](https://hangouts.google.com)**

1. Conduct meetings with administrators
2. Conference with parents unable to attend meetings
3. Collaboration with other teachers without meeting in person

I've heard you say the words "apps,"  
"extensions," and "add-ons," but what are  
they?

## Here are a few of my favorite Apps and Extensions for ELs:

1. Duolingo
2. Vocabla
3. Google Dictionary
4. Announcify
5. Select and Speak
6. Too Long, Didn't Read
7. Read&Write for Google Chrome
8. Share to Classroom

## Some helpful add-ons in Google Docs...

### For students:

- EasyBib
- Verity Spell
- GradeProof

### For teachers:

- JoeZoo (rubrics, comments, and grading)
- Orange Slice (rubrics)

## Let's go more in depth about Google Classroom...

1. Setting up a class
2. Adding students to your class
3. Posting assignments
4. Apps that can be integrated with Google Classroom

## Connect these apps with Google Classroom!
